McMaster University, Hamilton ON

- Achieved a cumulative grade-point average of 3.46 on a 4.0 scale
- Achieved the Dean's Honour List
- Awarded the McMaster Entrance Scholarship for a grade-point average of over 90% in high school

PROJECTS

NBA Stats App (Personal) **2019-2020**

- Created an **Android** app and published to the **Play Store** that allows users to easily search and sort through all active NBA players and their season stats
- App was created using **Java** and **Android Studio**
- Player data was collected using **Python** scripts and an **NBA API** and stored on both a **Google Firestore server** and **SQL server**

NFL Score Predictor Program (Personal) **2020**

- Used **Python** scripts and an **NFL API** to collect NFL game data and store on a Google Firestore server
- Created **TensorFlow Machine Learning Models** based on this game data to predict various stats and scores for any NFL game

EXTRACURRICULAR ACTIVITIES

DeltaHacks 5 and 6 – McMaster University **Jan 2019, Jan 2020**

- Collaborated with three other group members to create a mobile app that attempted to solve a presented problem
- Attended various workshops to expand our skillsets

McMaster iGem Dry Lab Coding Team – McMaster University **Dec 2017 – Nov 2018**

- Worked in a team of 6 members to brainstorm ideas of how to create simulated data based on wet lab tests and results
- Assisted in updating the teams Wiki page using **HTML** and **CSS**
